Description

- Allows charging in the car
- Input: 12-24 VDC (cigarette lighter socket)
- Output: 19V/3A
- Compatible with Emdoor I10A

The Emdoor I10A USB-C car charger for the compact tablet allows you to conveniently and quickly charge your device directly in your vehicle. Connects to a standard 12-24V cigarette lighter socket, it provides an output voltage of 19V and a current of up to 3A, which allows safe charging even while working on the road. The compact size means that the charger will easily fit in the glove compartment or service bag. Illustrative photo.
