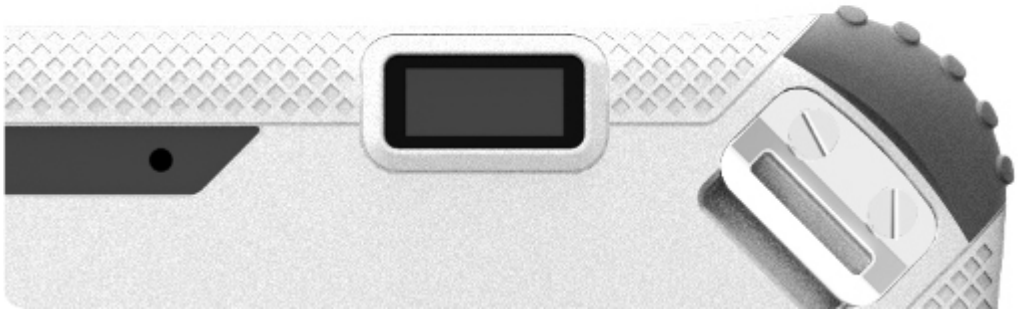
Barcode Scanner

Quick and accurate identification of the object relieves the warehouseman and does not create a bottleneck in logistics processes. 2D barcode reader allows you to read, decode and send to your data stored in the bar code.With dynamic scanning capabilities and wide range of reading MobiPad device and MMP quickly and accurately retrieves the data, which helps to increase the rate and efficiency.



Model	Motorola SE655	Honeywell N3680
Type of scanner	1D	1D/2D
Display type	CCD	CMOS

NFC

Near field communication (NFC) is a set of ideas and technology that enables smartphones and other devices to establish radio communication with each other by touching the devices together or bringing them into proximity to a distance of typically 10 cm or less.

	NFC
Frequency	13.56 MHz
Reading distance	to 4 cm
Supported standards	ISO/IEC 14443 A/B
	ISO/IEC 15693
	ISO/IEC 18092

Standards

In terms of device ruggedness, the MP22 can withstand a 4-foot drop, and with IP65 sealing, where the first digit "6" means the device is dustproof and the second digit "5" means that the device has the ability to handle low pressure water jets from all directions. The tablet can operate in temperature range of -20° to 60°C, optimized for most industrial deployments. MP22 is a sharp looking, sturdy and powerful device that can hold up well against use in harsh environment with its industrial grade rugged design.

Operating temperature	-20°C -- +60°C
Storage temperature	-30C -- +70°C

MIL-STD 810G

Durability is one of the most important factors to consider when choosing mobile solutions, which is why MobiPad ensures that its fully rugged units operate even when dropped onto concrete, or used in harsh environmental conditions such as heat and cold, dust and rain. Rigorous tests that pass MobiPad products ensures that our customers receive products that meet the highest standards of durability and reliability. MobiPad ensures compliance with the most rigorous standards in this area - **MIL-STD 810G** according to test its products. This standard, set by the US military, is the most widely used international standard.

Dust	IP6x
Water	IPx5
Drop	1.0 m

The battery at its best

High quality Li-Polymer battery provides a long operating life under severe temperature conditions. With MobiPad MP22 you can easily work out at temperatures as low as -20 ° C.
