

Emdoor I87J - 4-Battery Charging Station
(MDC87J)

Category:	Accessories - mobile
Manufacturer:	EMDOOR

Product from the Archive - production finished

» Easy to use

» Compatible with EMDOOR I87J

A professional, 4-slot charging station dedicated to the Emdoor I87J tablet, model MDC87J. This indispensable solution for companies operating multi-shift systems allows for simultaneous charging of up to four batteries outside the device. This allows tablets to remain in continuous use, and the process of swapping a discharged battery for a fully charged one takes just seconds.

* the price is valid **only** when purchased with the device...
