## Opis

The **Emdoor** docking station enables convenient reliable charging of the internal battery of the device. Compatible with Emdoor I88N.

This docking station allows for use of 4 interfaces: 1x RJ-45 (LAN), 1x COM, 1x USB, 1x USB-C.

These interfaces can be used for example:

1. RJ-45 (LAN) - standard interface to send and receive data from local network.
2. USB and USB-C - versatile port with which you can connect almost any device (keyboards, mice, trackballs, printers).
3. COM - allows for serial communication with other devices eg. printers.
