

Emdoor I87J - Car Holder (EM-VHM87J)

Category:	Accessories - mobile
Manufacturer:	EMDOOR

Product from the Archive - production finished

» Durable

» Compatible with EMDOOR I87J

» Ports: RS232, RJ-45, USB

The EMDOOR EM-VHM87J car holder allows you to safely mount the waterproof Emdoor I87J tablet in your vehicle and integrate it with external devices thanks to its functional ports. Once the power is connected, the holder offers:

RS232 port - for communication and control of external devices (e.g. sensors, control panels)

RJ-45 port - for data transfer from a local network or the Internet

USB port - allows you to connect a mouse, keyboard, scanner or other peripheral device

* the price is valid **only** when purchased with the device
