net price: 101,25 zł

» Easy to use

» Compatible with EMDOOR V10J with 4G function

A dedicated external 4G antenna for the Emdoor V10J 4G tablet, designed to significantly boost cellular signal strength and stabilize internet connections outdoors. It features a movable joint that allows for precise angle adjustment, crucial for achieving the best

coverage in areas with poor carrier infrastructure. Its robust housing and standard screw-type connector ensure quick installation and reliable operation in demanding industrial environments.
