Category: Cables and connectors

Manufacturer: EMDOOR

22,23 €
net price: 18,07 €

» Easy to use

» Compatible with EMDOOR V10T and V80T

A specialized 8-pin power and signal cable for the Emdoor V10T and V80T tablet, terminated with flying leads for DIY installation. It allows for direct connection of the device to vehicle electrical systems or custom control systems in industrial infrastructure. The robust, threaded metal connector ensures a durable and tight connection, resistant to harsh operating conditions and vibration.
