Detailed device specification is available in the "Technical data".

This dust-proof tablet for use in agricultural vehicles uses the powerful and energy-efficient Intel C

Ergonomic design

The Emdoor I10A waterproof tablet is built for durability and comfort. The slim and durable casing and stylish design make the tablet perfect for industrial and field use. The compact size has been carefully thought out to make the rugged tablet handy and ergonomic. The non-slip surface makes this durable tablet feel secure in your hand, while reinforced corners increase resistance to drops and impacts, protecting the device from damage.

<b>Dimensions</b>	218.1 x 154.5 x 23.0 mm
<b>Net weight</b>	631g

Capacitive screen

The capacitive screen of the EMDOOR V80J, a rugged tablet designed for use in firefighting vehicles

### Connectors and buttons

P1	Volume button (+)
P2	Volume button (-)
P3	Windows button
P4	Customization button

\*

The SIM card slot is only available in the 4G version of the model.

Port 1 * (option)	RJ-45 port for wired LAN
Port 2 * (option)	Port supporting RS-232 or RS485 for wired communication.
Port 3 *	Port supporting USB 2.0 or CAN for wired communication.

\*Additional features require accessories sold separately

## RESISTANCE

## IP65 Protection

The Emdoor V80J in-vehicle tablet is designed for demanding environments and meets the IP65 sta

<b>IP6X</b>	Protection against access to hazardous parts with wire. Dustproof protection.
<b>IPX5</b>	Protection against water jets (12.5 l / min) poured on the housing from any side

### MIL-STD 810 Standard

MIL-STD-810 is a military durability standard, used by the US Army, among others, that determines

#### 1.22m drop resistance

The specially designed, ruggedized construction of the Emdoor V80J truck tablet is built for demanding applications in logistics, transportation, and field work. The device is highly resistant to accidental drops, withstanding drops of up to 1.22 meters in operating mode, even onto hard surfaces. It also meets the stringent requirements of the MIL-STD-810G military standard, ensuring its reliability and durability in harsh environmental conditions – both inside and outside the vehicle cabin.

## Extreme temperatures

Designed for field work and variable environmental conditions, the Emdoor V80J forklift tablet performs

<b>Working Temp.</b>	-20°C to 60°C
<b>Storage Temp.</b>	-30°C to 70°C
<b>Humidity</b>	0% to 95%

## WIRELESS COMMUNICATION

### GPS Navigation

Waterproof, dustproof, sunlight readable display, designed for field work and variable environmental conditions

### Bluetooth 5.0

The modern Bluetooth 5.0 module enables energy-efficient short-range communication with other devices such as printers, keyboards, RFID readers, scanners or headphones. This technology offers higher connection stability and speed compared to earlier versions, while reducing energy consumption.

## Wi-Fi network

The professional Emdoor V80J military vehicle tablet supports dual-band 802.11 a/b/g/n/ac Wi-Fi connection.

<b>Standards</b>	802.11(a/b/g/n/ac)
<b>Frequencies</b>	2.4GHz/5.8GHz (Dual-Band)

## NFC

NFC (Near Field Communication) technology is a short-range wireless communication standard that enables data exchange over a distance of a few centimeters. Tablet for wholesalers - Emdoor V80J can be optionally equipped with a 13.56 MHz NFC module, compliant with ISO / IEC 14443A/B and ISO15693 standards. NFC will work in applications such as: access control, employee authorization, logistics or payment acceptance. The modern industrial tablet enables tag reading and cooperation with smart card systems with a range of up to 2-4 cm.

\* Optional equipment, available on specific versions only.

*NFC 13.56MHz*

### Trade and Services

Thanks to its multifunctionality and simple operation, the drop-proof Emdoor V80J tablet is an ideal tool for sales and field representatives. Modern mobile applications enable quick data collection, verification of contractors, presentation of offers and generation of sales documents. The tablet for the warehouse allows for issuing invoices, creating orders and synchronizing data with the ERP system in real time - regardless of location, thanks to access to the GSM or Wi-Fi network.

### Industry and Construction

Industrial tablets adapted to harsh working conditions, such as the Emdoor V80J, are characterized by exceptional resistance to unfavorable working conditions. The dust- and waterproof housing confirmed by the IP65 certificate, as well as compliance with the MIL-STD-810G standard, allow for safe use of the solid tablet in places with increased humidity, dustiness, on construction sites and in industrial halls. Thanks to appropriate mobile

applications, the waterproof tablet can act as a tool for supervising work, collecting data from the construction site and managing technical infrastructure and human resources.

#### Service and Diagnostics

The efficient Emdoor V80J industrial tablet is perfect for car services and workshops. Thanks to its durable construction, resistance to workshop conditions and support for 4G LTE, Wi-Fi and GPS connectivity, this device is ideal for work in a difficult environment. The reinforced tablet supports technicians in quick vehicle diagnostics, analysis of data from on-board systems and work with service documentation. Possibility to install software that allows, among others, reading errors, configuring vehicle systems, accessing diagrams and repair history, increasing the efficiency and precision of operations.

## ACCESSORIES AND AVAILABLE VERSIONS

We offer a range of additional accessories for this innovative tablet to further enhance its functionality and comfort of use. Below is a list of available accessories. Click on the accessory name or the "Check" link to be taken to a page with a description and price of the accessory.

### Mushroom GPS antenna

enabling precise reception of the satellite signal, guaranteeing stable and accurate determination of the device's location

Check

### Extra battery

Additional 1000mAh battery allows you to quickly replace a discharged battery.

Check

### Charger
