Portable UMPC closed in leather casing notebook...

Built-in GPS

With an integrated 10/100 LAN and USB 2.0 interfaces, you can connect all your peripherals and multimedia devices to the mini-v. With integrated Wireless LAN and built-in GPS you can also take advantage of wireless networks and hot spots whilst out and about.

Small size and mobility

Its modest dimensions and weight (210x140x25mm/400g) make E70 a highly portable UMPC that suits any occasion. The thorough study of all the ergonomic aspects, the position of the main control keys allow a very simple usage – even standing.

Touch screen

Use your HiTon E70 like a real block notes: thanks to its touch-panel, it allows you to write your notes on the screen as you would do with a normal paper sheet. The stylus pen can be used to easily and quickly access all the E70 functions or to add notes to your documents.

New technology

The latest powerful **ARM926** processors, autonomy-ensuring low-consume components, its accessories and multiple options: this is what makes your UMPC an unrivalled technological jewel.

Cable connectivity (LAN)

Equipped with the 10/100Mbps LAN technology, your HiTon reaches the top af all performances when it comes to LAN networks. By inserting the Ethernet cable, the system immediately recognises the specific connection used and allows you to transfer data at extremely high speeds .

go top…

Wireless LAN connectivity

Great expansion of WiFi technologies to wireless connect to the Internet both in professional and domestic settings through the public or private hot-spots, make your E70 an inseparable resource for your daily activities.
