ECS ELITEGROUP

ECS MD Series is new alternative for stationary pc computers, design for people who important is speed in working and keeping silent.

[go top...](#)

MD100 surprise us not the only efficiency of work, thanks to use of hard discs of type SATA II 3,5" we can be to please with disc reaching space 1TB what even including to 1000 titles of movies in our collection.

Performance and multi use MD100 are not his the largest advantages. It first of all is then computer, so small, that his sizes (270mm x 200mm x 60mm) it reminds home encyclopaedia, and use of systems soundproofing work it inflicts that he is practically inaudible for human ear.

It's time to replace DVD player, MD100 ideally it will check in player of films, music and pictures, and additionally (on customer's wish) which can be equipped in Television Tuner it will make him multimedia combines harvester.

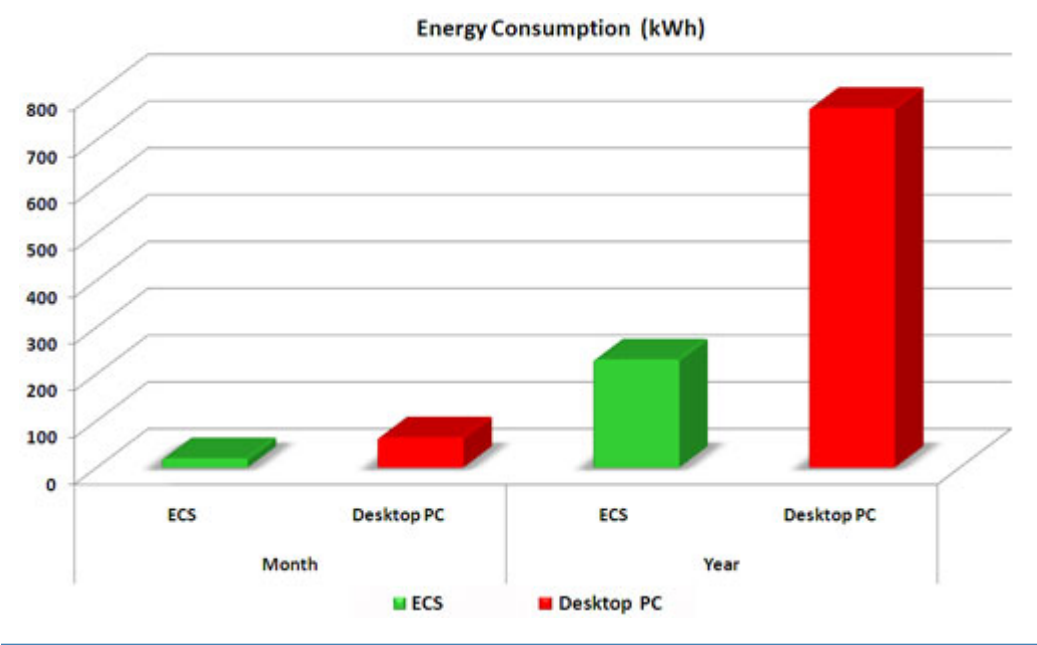

[go top...](#)

MD100 is supported Intel Single Core Atom® processor, thanks to what it is unusually energy-saving, keeping near this large efficiency of work, what proof system is Windows Vista Home the Basic which be dedicated for this device.

Energy saving and cost reducing

Assumption :
1) computers work after 8 hour daily
2) working 20 days in month
3) working 240 days in year
