**ECS ELITEGROUP**  
Simply Smart

*mobikator.pl*

**ECS ELITEGROUP**

**ECS MD Series** is new alternative for stationary pc computers, design for people who important is speed in working and keeping silent.

MD120 surprise us not the only efficiency of work, thanks to use of hard discs of type SATA II 3,5" we can be to please with disc reaching space 1TB what even including to 1000 titles of movies in our collection. Bulit in card reder (SD, MMC, MS).

NVIDIA® ION™ graphics processors turn up the visuals on compact, low-power **ECS** with performance up to 10X faster than similar systems. When combined with a low-power CPU like Intel Atom, ION graphics processors transform traditional under-performing PC designs into a premium experience. Discover new ION-based PCs that are small in size but big in performance.

Performance and multi use MD120 are not his the largest advantages. It first of all is then computer, so small, that his sizes (270mm x 200mm x 60mm) it reminds home encyclopaedia,

It's time to replace DVD player, MD120 ideally it will check in player of films, music and pictures, and additionally (on customer's wish) which can be equipped in Television Tuner it will make him multimedia combines harvester.
