[Energy saving and cost reducing](#) - click detail

ECS ELITEGROUP

ECS MD Series is new alternative for stationary pc computers, design for people who important is speed in working and keeping silent.

MD200 surprise us not the only efficiency of work, thanks to use of hard discs of type SATA II 3,5" we can be to please with disc reaching space 1TB what even including to 1000 titles of movies in our collection.

Performance and multi use MD200 are not his the largest advantages. It first of all is then computer, so small, that his sizes (270mm x 200mm x 60mm) it reminds home encyclopaedia, and use of systems soundproofing work it inflicts that he is practically inaudible for human ear.

Standard desktop PC

MiniPC

It's time to replace DVD player, MD200 ideally it will check in player of films, music and pictures, we thanks to built-in HDMI will get the very good quality of picture, and additionally (on customer's wish) which can be equipped in Television Tuner it will make him multimedia combines harvester.

[go top...](#)

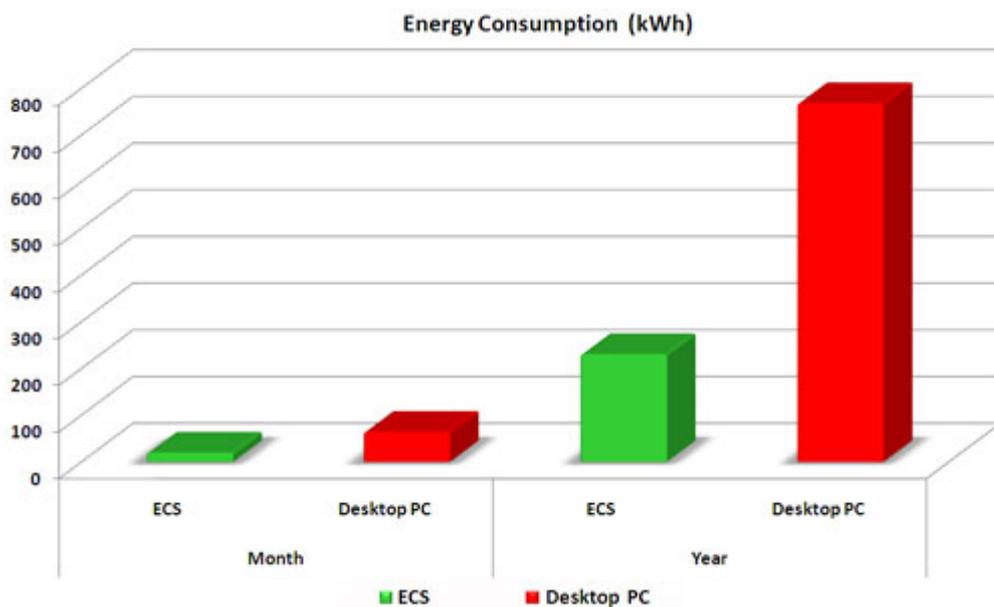

MD200 is supported Intel Core 2 Duo processor, thanks to what it is unusually energy-saving, keeping near this large efficiency of work, what proof system is Windows Vista Premium which be dedicated for this device.

MiniPc MD200 is equipped in arrangement graphic Intel® GMA X4500 which makes possible starting on him many the newest games.

Energy saving and cost reducing

Assumption :
1) computers work after 8 hour daily
2) working 20 days in month
3) working 240 days in year

number of computer	Work Time		Energy Saving kWh
	Day
