Rear Panel (ports):	4 x USB, 1 x D-SUB, LAN RJ45 (10/100), 2 Channel Audio, 1 Jacks, DC-in Jack, WiFi antenna (Optional)
Power:	19V, 65W
Supported OS:	Windows XP, Windows Vista, Windows 7
Installed OS:	None (opcjonalnie Microsoft Windows XP, VISTA, Win 7)
Dimensions:	(W)70x(D)205(H)270mm, 3.8L
Expansion:	WiFi or Tuner TV

Product from the Archive - production finished

ECS ELITEGROUP

MS110 Series is new alternative for stationary pc computers, design for people who important is speed in working and keeping silent.

MS110 surprise us not the only efficiency of work, thanks to use of hard discs of type SATA II 3,5" we can be to please with disc reaching space 2TB what even including to 2000 titles of movies in our collection.

ECS MiniPC MS110 has EuP and RoHS certificates, which are broadcast only environmentally friendly devices.

MS110 is supported Intel Atom processor, thanks to what it is unusually energy-saving, keeping near this large efficiency of work, what proof system is Windows 7 which be dedicated for this device. MiniPc MS110 is equipped in arrangement graphic Intel® HD Graphics which makes possible starting on him many games.

Internet communications used in the MS110 is integrated LAN card and an expansion slot (mini PCI-express), which allows you to install WiFi card or TV tuner.

[go top...](#)

Performance and multi use MS110 are not his the largest advantages. It first of all is then computer, so small, that his sizes (270mm x 205mm x 70mm) it reminds home encyclopaedia, and use of systems soundproofing work it inflicts that he is practically inaudible for human ear.
