

## T6

### Mini PC Manli M-T6H37

mobikator.pl

<b>Manufacturer:</b>	Manli
<b>Others:</b>	none
<b>Chipset:</b>	H61
<b>FSB:</b>	1600MHz
<b>CPU Support:</b>	Intel® Core™ i7-3770T Processor (8M Cache, up to 3.70 GHz)
<b>Installed CPU:</b>	Intel® Core™ i7-3770T (4x2,5 GHz)
<b>Memory Support:</b>	DDR3 SO-DIMM x 2 1600MHz (do 16GB)
<b>Installed Memory:</b>	None
<b>Graphic Card:</b>	Intel® HD Graphics 4000
<b>Storage (HDD) Support:</b>	2.5" SATA II/III HDD to 1TB / SSD to 500GB
<b>Installed Storage (HDD):</b>	None
<b>CD/DVD Drive:</b>	None
<b>LAN:</b>	Dual- 10/100/10p00Mbs Ethernet
<b>Wireless LAN card:</b>	WiFi 802.11b/g/n + Bluetooth 4.0
<b>TV Tuner:</b>	none
<b>Front Panel (ports):</b>	Audio (Line-Out/SPDIF, Microphone) / Card Reader 4-in-1 (SD/SDHC/SDXC/MMC)
<b>Rear Panel (ports):</b>	2x USB 2.0, 2x RJ-45 , 1x HDMI, 1x DVI-I, 1x DC-in Jack

<b>Power:</b>	AC/100-240V, 50/60Hz, 19V, Max 90W
<b>Supported OS:</b>	Windows 7, Windows 8
<b>Installed OS:</b>	No (optional Windows 7, Windows 8)
<b>Dimensions:</b>	182.7x177.3x49mm
<b>Expansion:</b>	None

**Product from the Archive - production finished**

Company **Manli** is a new distribution Mobilator s. It has achieved an excellent reputation as a manufacturer of computers MiniPC. Due to the high position of the products in the high-tech won the trust of many customers around the world.

## MiniPC for the most demanding users

**Manli T6** Mini-PC is designed for users who require the greatest amount of power and ease of use in such a small device. **Aluminium** elements and modern desing complete with incredible performance and optimized power consumption puts Manli **M-T6H37** on one of the first places in the world rankings MiniPC.

### Mini PC Manli M-T6H37 - barebone

Processor	Intel® Core™ i7-3770T (4x2.5 GHz)
RAM	not included - for building
Disk	not included - for building
Graphics	Intel® HD 4000
Chipset	H61
Communication	WiFi 802.11n 150Mbps + Bluetooth 4.0
Dimensions	182.7x177.3x49mm
Other	None

The detailed specification of the configuration available in the "**Technical data**"

## New generation of Intel® Core™ i7-3770T

**Manli** Mini-PC is supported with **Intel® Core™ i7-3770T**, making it extremely energy efficient (**45W**), while retaining the high performance, as evidenced in **Windows 7 or 8**, which is dedicated for this device. Intel® Core™ i7-3770T is a quad-core processor with a frequency (**4x2.5GHz**) for small netbooks and MiniPC. It offers powerful integrated graphics **Intel® HD 4000** and **dual channel DDR3-1600MHz**.

### Processors available in a series of MiniPC MANIL T6

Model	R/W	Frequency	Max. Frequency	L3 cache	Max. GPU	TDP
Intel® Core™ i3-3220T	2/4	2.8GHz	2.8 GHz	3 MB	1.05 GHz	35 Wat
Intel® Core™ i5-3470T	2/4	2.9 GHz	3.6 GHz	3 MB	1.1 GHz	35 Wat
<b>Intel® Core™ i7-3770T</b>	<b>4/8</b>	<b>2.5 GHz</b>	<b>3.7 GHz</b>	<b>8 MB</b>	<b>1.15 GHz</b>	<b>45 Wat</b>

## New generation Intel® HD 4000

Nettop **Manli M-T6H37** equipped with powerful integrated graphics **Intel® HD 4000**. Intel® graphics solution adds a new generation of computer power, offering extremely high performance graphics. Go beyond simple Internet browsing by offering the rich multimedia capabilities, the clever arrangement of the Intel® HD. Watch the video in full 1080p on sites like YouTube HD, and played with the stick. Play the most popular PC games and enjoy the acceleration popular applications in the field of video and image processing, providing higher performance when editing and converting videos, face tracking during the pictures and much more.

## Flexible storage

From moving parts and only the same electronics. SSD two times faster reads and writes data over standard drives 2.5". Additionally, consumes little energy, and in general does not heat up and reduces the CPU load up to 10%.

Manli M-T6H37 can support a total of one HDD or SSD 2.5".

This approach leads to a super-fast action of our little computer.

The rate of operations performed on the applications installed SSD can increase up to 40%.

## Increased security and faster work in RAID

RAID 0 allows you to hook up physical drives into a single logical which allows for better use of space. With RAID 1, your data will be safer because a disk is an exact copy of the other. If one drive fails all data is still available on the other. RAID 1 is almost twice as fast as reading data from the disk.

**Very small size**

You do not have to worry about where you put your old desktop computer - in the house or office. The Manli M-T6H37 problem disappears forever because it has very small dimensions (182.7x177.3x49mm) which allows you to set him everywhere. With exquisite workmanship and energy efficient it is in the forefront of devices in this segment and is hit on the Polish market. Additionally MiniPC housing is made of an elegant brushed aluminum, which nettop is a very small and has a modern design.

With the optional mounting brackets and adapters, there are many mounting options such as LCD / LED, in stores, on the desktop and in the car, etc

## Application

New Portable Devices | NIP: 872-120-56-82 | Mobile.: +48 508 235 505 | e-mail: sklep@mobilator.pl  
Account number: ALIOR BANK SA 68 2490 0005 0000 4500 7328 8078

## Large storage capacity

Performance of your computer will never again let you down by technology, dual-channel RAM. Sharing channels reduces data latency and increase memory bandwidth to satisfy most storage-hungry applications.

With up to **16GB** of memory running **Windows 7, 8** always cope with the number c  
you to mount two **DDR3** SODIMM memory modules.

It's time to effectively replace the DVD player. Manli T6 ideally suited to the role player for movies, music and photos. With it on your TV to display whatever you want.

## About 60% less energy than a standard desktop computer

Manli T6 with a powerful processor Intel® Core™ i7-3770T provides up to 60% more efficiency compared to a traditional desktop computer.

Up to **60%** Power Savings in energy consumption  
Compared with Tower PC's (250W)

The graphic compares the energy consumption of the Manli T6 and a generic desktop PC. On the left, the Manli T6 is shown with a single lightbulb icon labeled '15W'. On the right, a generic desktop PC is shown with a grid of 16 lightbulb icons, with the top one labeled '15W'. The Manli T6 logo is in the bottom left, and the Mobilator logo is in the bottom right.
