[Energy saving and cost reducing](#) - click detail

**ECS ELITEGROUP**

**ECS MD Series** is new alternative for stationary pc computers, design for people who important is speed in working and keeping silent.

Performance and multi use MD200 are not his the largest advantages. It first of all is then computer, so small, that his sizes (270mm x 200mm x 60mm) it reminds home encyclopaedia, and use of systems soundproofing work it inflicts that he is practically inaudible for human ear.

**Standard desktop  
PC**

**MiniPC**

It's time to replace DVD player, MD200 ideally it will check in player of films, music and pictures, we thanks to built-in HDMI will get the very good quality of picture, and additionally (on customer"s wish) which can be equipped in Television Tuner it will make him multimedia combines harvester.

[go top...](#)

MD200 is supported Intel Core 2 Duo processor, thanks to what it is unusually energy-saving, keeping near this large efficiency of work, what proof system is Windows Vista Premium which be dedicated for this device.

MiniPc MD200 is equipped in arrangement graphic Intel® GMA X4500 which makes possible starting on him many the newest games.

## Energy saving and cost reducing

Assumption :
1) computers work after 8 hour daily
2) working 20 days in month
3) working 240 days in year

number of computer	Work Time		Energy Saving kWh
	Day
