## MobiPrint MP-58M1B

Printing Method	Thermal Line
Resolution	203DPI(8dot/mm)
Support system	Android , iOS , Windows
Distance	8m - normal spare
Communication	Bluetooth, RS232
Dimensions	105 mm x 78 mm x 48 mm
Weight	357g
Other	None

The detailed specification of the configuration available in the "**Technical data**"

[go top...](#)

Modern, wireless (Bluetooth) thermal printer MobiPrint MP-58M1B was designed with users in mind, for which it is necessary to print invoices, receipts or labels in places where there is no access to the electricity grid, transportation and mobile commerce, at events, etc.

i8M1B has a simple paper loading, ease of use, print quality, fast printing, printing on thermal paper roll. These properties make the lightweight portable printers are used in a variety of mobile applications.

Thermal Printer - MOBIPRINT MP-58M1B through Bluetooth module (which ensures proper communication) is compatible with mobile devices, data collectors and computers running under different operating systems (see the text "Communication" - below).

## MobiPrint

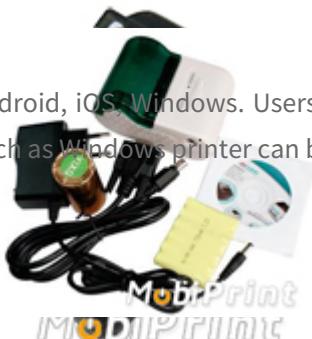

hi printer surprises his appearance. This ergonomic, compact and extremely lightweight thermal printer dimensions (105 mm x 78 mm x 48 mm) and weight only 357g, allows complete mobility.

MobiPRINT MP-58M1B is equipped with a Li-Ion battery with sufficient capacity - 700mAh, allowing you to work up to 100 minutes in continuous printing or left in standby mode for 1 days.

## MobiPrint

erent applications, wireless (Bluetooth) Mobile printer may be compatible with systems such as Android, iOS, Windows. Users can send data to the printer in real time with PCs or mobile devices (for PC operating systems such as Windows printer can be connected only via RS232).

Portable (radio and bluetooth) mobile thermal printers by using thermal printing methods are convenient and easy to use and offer a wealth of configuration parameters. Print fonts with different contrasts in depending of used paper roll. Thanks to the wireless communication range of connection offer up to 8m from the device.

The printer has two basic communication interfaces: wireless interface - Bluetooth and wired - serial RS232 port.

## Application

For MobiPrint MP-58M1B manufacturer recommends widely use in situations where it is necessary to the need for rapid and mobile print a receipt or confirmation of the purchased goods in trade, logistics, transport, freight forwarding, industrial sector, financial and public sectors.

### Pharmacy

The printer is ideally suited for use in pharmacies, for printing the valuation of drugs for physicians to print prescriptions, referrals, orders, etc. It can be used as a portable printer (home visits) and to cooperate with the medical laboratory apparatus and measuring devices and control print graphs.

### Trade

The device is used for high speed printing of receipts, confirmations and invoices. Certainly will be applied in all kinds of commercial networks, restaurants, hotels, etc.

### Magazine

Mini printer allows for quick and wireless printing with confirmation of receipt of goods from the warehouse.

### Logistics and transport

Little Printer will find all kinds of application also in transport.
