Mobipad 10DS-RTML v.10 - Industrial tablet with FullHD 700 nits screen, 12GB RAM, 4G module, and NFC - readability and connectivity in all conditions

Category:	UMPC - Ruggedized
Manufacturer:	Mobikator
Operating System:	Android 13
Display:	10.1" 1920x1200
Brightness:	700 nits
Processor:	MTK MT8781
Memory:	12GB
Hard Drive:	No
Flash Memory:	256GB
Touch screen:	Capacitive 10-point touch
Durability:	IP68
Drop:	1.2m
Shock:	MIL-STD-810G
Vibration:	MIL-STD-810G
Temperature:	Operating temperature: -20°C -- 60°C Storage temperature: -30°C -- 70°C
Humidity:	0% -- 95%
1D barcode scanner (reader):	No
2D barcode scanner (reader):	Newland N1
RFID scanner (reader):	No

Other:	NFC
Battery:	3.8V/10000mAh
Working time on battery:	10h
Fast battery replacement ability:	No
HotSwap battery:	No
LAN:	Yes
WLAN:	IEEE 802.11 a/b/g/n/ac (Dual band)
Bluetooth:	Bluetooth 5.0
WAN:	4G
GPS:	Yes
Camera:	Rear: 16Mpx, FlashFront: 8Mpx
In/Out:	USB type C USB 3.0 type A POGO PIN mini HDMI 3.5mm audio jack Micro SIM TF
Optional accessories:	Docking station, car holder, hand strap, VESA bracket and stand
Docking station connector:	Yes
VESA standard – holders and mounts support:	Yes
COM port:	Yes
Magnetic card reader (MSR):	No
Microchip card reader:	No
Contrast:	-----
Graphics card:	Nie
Chipset:	-----
BIOS:	-----
Casing material:	ABS/PC
Flash Card Reader:	TF card (max. 256GB)
CD/DVD:	No
Audio:	Built-in speaker x2, mic x2
Keyboard:	Onscreen

Additional Navigation Devices :	No
Color:	Black
Swivel Hinge:	No
VGA out:	No
TV Out:	No
TV Tuner:	No
Security:	IP68, MIL-STD-810G
Waterproof:	IPX8
Sand and dust:	IP6X
Size:	276x180.5x22.5mm
Fanless casing:	Yes
Weight:	1.15kg

Detailed device specification is available in the "Technical data".

Ergonomic design

The rugged Mobipad 10DS-RTML tablet features a MediaTek MT8781 processor with eight cores and threads that automatically adjust performance to tasks. Combined with 12 GB of RAM, it delivers smooth operation for demanding applications, data analysis, and fieldwork. This durable industrial tablet is a reliable tool for professionals requiring dependable equipment in tough environments.

The rugged Mobipad 10DS-RTML tablet is designed for extreme environments – from production halls to open construction sites. Its IP68-certified housing protects against dust and water, while additional seals absorb shocks and drops from up to 1.2 m. Reinforced corners and non-slip edges ensure a secure grip and easy handling. This durable tablet is an ideal tool for professionals working in the field.

Dimensions	276 x 180.5x 22.5mm
Net weight	1.15 kg

Capacitive screen

The industrial Mobipad 10DS-RTML tablet features a TFT-LCD screen with 700 nits brightness and 1920x1200 px resolution, ensuring readability even in direct sunlight. Its durable Corning Gorilla Glass III protects against scratches and impacts. The 10-point capacitive touchscreen allows precise navigation and fast data entry. These features make the tablet suitable for both office use and challenging field conditions.

Connectors and buttons

The versatile Mobipad 10DS-RTML industrial tablet offers a wide

range of ports and interfaces for connecting various accessories and peripherals. These include USB-C with OTG and charging, USB 3.0, mini HDMI, a 3.5 mm audio jack, a micro-SIM slot, and a TF card reader. This makes the tablet suitable for both office and field work. It is an ideal tool for professionals requiring flexible and reliable equipment.

DATA COLLECTING

Barcode scanner (optional)

The rugged and efficient Mobipad 10DS-RTML tablet features a built-in barcode scanner for fast reading and seamless data transfer to a computer. Its wide scanning range and precise barcode module speed up warehouse operations. The tablet enhances efficiency and accuracy in logistics processes. It is a reliable tool for field and warehouse staff.

RESISTANCE

IP68 protection class

The rugged and durable Mobipad 10DS-RTLM tablet with IP68 certification provides full protection against dust and temporary water immersion. This reliable industrial device performs well in demanding environments – in warehouses, production halls, and in the field. The tablet ensures durability, resistance, and stable operation, making it an ideal tool for professionals.

First digit	Protection level	Second digit
No special protection	0  0	No special protection
Protection from solid objects greater than 50mm in diameter	1  1	Protection from dripping water
Protection from object not greater than 12mm in diameter	2  2	Protection from vertically dripping water (tilted up to 15°)

First digit	Protection level	Second digit
Protection from object not greater than 2,5mm in diameter		Protection from sprayed water (tilted up to 60°)
Protection from object not greater than 1mm in diameter		Protection from splashed water
Complete protection against contact, Protection against dust deposit		Protection from water projected from a nozzle
Complete protection against contact, protection from infiltration of dust		Protection against heavy seas, or powerful jets of water
		Protection against immersion
		Protection against complete, continuous submersion in water

MIL-STD 810G Standard

The rugged and durable military tablet Mobipad 10DS-RTML meets the MIL-STD-810G standard, used by the U.S. Army, ensuring resistance to harsh environmental conditions. Its mechanical durability (drop from 1.2 m) makes it ideal for demanding field and industrial environments. The tablet provides reliability and safety even in extreme situations.

Extreme temperatures

The rugged and reliable field tablet Mobipad 10DS-RTML operates flawlessly in temperatures from -20°C to 60°C. When powered off, it

can withstand temperatures from -30°C to 70°C. The tablet ensures full reliability in extreme environmental conditions, performing well in the field and challenging industrial settings.

Working Temp.	-20°C to 60°C
Storage Temp.	-30°C to 70°C
Humidity	0% to 95%

WIRELESS COMMUNICATION

GPS Navigation

The rugged and precise industrial tablet Mobipad 10DS-RTML features a GPS module that combines high location accuracy with low energy consumption. This mobile field tablet allows fast and stable positioning and safe navigation in challenging industrial conditions and open areas. It enhances fieldwork efficiency and performs reliably in demanding environments.

Bluetooth 5.0

The advanced industrial tablet Mobipad 10DS-RTML features Bluetooth 5.0, enabling energy-efficient, short-range communication with peripheral devices such as printers, keyboards, RFID readers, scanners, and headphones. With improved connection stability and faster data transfer compared to previous versions, this rugged mobile tablet enhances fieldwork comfort and operational efficiency.

Wireless Wi-Fi

The professional Mobipad 10DS-RTML tablet supports dual-band Wi-Fi 802.11 a/b/g/n/ac at 2.4 GHz and 5.8 GHz, providing fast and stable access to local networks and the Internet both in the office and in the field. With data throughput up to 1300 Mbps, this rugged tablet ensures smooth operation, efficient file transfers, and reliable online connectivity in any environment.

Standards	WiFi 802.11(a/b/g/n/ac)
Frequencies	2.4GHz/5.8GHz (Dual-Band)

NFC (Near Field Communication) technology in industrial tablets provides a short-range wireless communication standard, enabling fast data exchange within a few centimeters. NFC is perfect for applications such as access control, employee authorization, logistics, and payment processing. The advanced Mobipad 10DS-RTML tablet allows NFC tag reading and integration with smart card systems, enhancing operational efficiency in businesses and warehouses.

APPLICATION

Trade and Services

The rugged and versatile Mobipad 10DS-RTML tablet is an essential tool for sales representatives and field workers. Equipped with advanced mobile applications, it enables fast data collection, client verification, product presentations, and sales document generation. This mobile warehouse tablet also supports invoice creation, order processing, and real-time data synchronization with ERP systems, regardless of location, thanks to GSM and Wi-Fi connectivity.

Industry and Construction

The rugged and waterproof Mobipad 10DS-RTML industrial tablet features dust and water resistance (IP68), ensuring safe operation in challenging conditions, production halls, and construction sites. With advanced mobile applications, this versatile field tablet is perfect for

work supervision, data collection, and efficient management of infrastructure and human resources.

Service and Diagnostics

The powerful and rugged Mobipad 10DS-RTML industrial tablet is perfect for car services and workshops. This workshop tablet, with its durable design and LTE, Wi-Fi, and GPS connectivity, supports technicians in vehicle diagnostics, on-board system data analysis, and handling service documentation. The option to install specialized software allows error reading, vehicle system configuration, and access to diagrams and repair history, improving work efficiency and precision.
