

MobiScan QS-03S

MobiScan QS-03S - Rugged reinforced waterproof (IP67 and 3m fall) industrial 2D barcode scanner with Bluetooth 4.0

Category:	Mobile 1D/2D barcode scanner
Manufacturer:	Mobilator
Supported Operating Systems:	Android, iOS, Windows XP, Windows 7, Windows 8, Windows 10
Internal memory:	512KB
Operation Voltage:	5V - 300mA - DC
Reading indicator:	Zebra SE4750 2D Scan engine
Dimensions:	180 x 110 x 50 mm
Weight:	460g
Battery:	2000 mAh Li-ion
Housing material:	----
Scan rate:	100 times/sec
Light source:	Laser
Resolution:	640 x 400
Communication distance:	3 m

Readable codes:	2 of 5 Industrial QR Code 2 of 5 Matrix Codabar Code - 39 Code - 39 Extended (full ASCII) Code - 93 Code - 128 (A, B, C) 2 of 5 Interleaved,EAN 8 EAN-13
Readable codes:	2 of 5 Industrial QR Code 2 of 5 Matrix Codabar Code - 39 Code - 39 Extended (full ASCII) Code - 93 Code - 128 (A, B, C) 2 of 5 Interleaved,EAN 8 EAN-13
Readable codes:	2 of 5 Industrial QR Code 2 of 5 Matrix Codabar Code - 39 Code - 39 Extended (full ASCII) Code - 93 Code - 128 (A, B, C) 2 of 5 Interleaved,EAN 8 EAN-13
Readable codes:	2 of 5 Industrial QR Code 2 of 5 Matrix Codabar Code - 39 Code - 39 Extended (full ASCII) Code - 93 Code - 128 (A, B, C) 2 of 5 Interleaved,EAN 8 EAN-13
Sensor:	2D
Scan Angle:	60°, 60°, 360°(Skew,Pitch,Roll)
Print Contrast Ratio:	>20%
Scan range:	BASED ON CODE 39 3.9mil:25mm-112mm; 10mil:31mm-420.5mm; 20mil:43mm-495mm; 30mil:64mm-537mm; 35mil:145mm-604mm
Cable Type:	---
Battery Life:	3 h continuously working
Communication:	Bluetooth 4.0 r
Interface/ Prole:	HID/ SPP
Operating Temperature:	0°C ~ 50°C
Storage Temperature:	-20°C ~ 60°C
Relative Humidity:	5% ~ 90%, non-condensing
Resistance IP:	IP 65
Drop test:	Multiple drops 3m

MobiScan QS-03S

Zebra SE4750 2D
IP67

The company's **MobiScan** new distribution of Mobilator.

Company achieved an excellent reputation as a manufacturer of bar code scanners. Due to the high position of the products in the high-tech won the trust of many customers around the world.

MobiScan

The bar code scanner is a device that allows read with barcodes from boxes or devices. Business accessories MobiScan products guarantee high quality and serve for many years without any loss of quality.

MobiScan QS-03S

Barcode scanner	2D Zebra SE4750
Working time	10h - 15h
Support system	Android, iOS, Windows XP, Windows 7, Windows 8, Windows 10
Range	3 m
Communication	Bluetooth 4.0
Dimensions	180 x 110 x 50 mm
Weight	460g

The detailed specification of the configuration available in the **"Technical data"**

[go top . . .](#)

MobiScan QS-03S is ergonomic and powerful new generation barcode scanner. It design for picking and sorting application, enable your operator to free hand and improve operational efficiency in your warehouse, distribution center and retail store. You never need setting an item down to check paper work order or picking up handheld scanner. Operator even no need to put heavy package to the desktop for scan, it will save more time and physical strength. Compare with common wired handheld scanner, MobiScan QS-03S wearable scanner can increase 15% -30% productivity !

MobiScan QS-03S intelligent and ergonomic, handheld barcode reader will facilitate the work magazynierom, mobile and stationary retailers, pharmacists, couriers and logistics, quality controllers and inspectors of manufacturing processes and all those who need to work cataloging and storing the information read from the barcode .

2D Zebra SE4750 Scanner - MobiScan QS-03S through Bluetooth module (which provides reliable communication) is compatible with mobile devices, data collectors and computers running on different operating systemch (see the text "Communication" - below).

ows the operator to carry packages, products and materials, helping to increase productivity. It is very comfortable to wear throughout the working day, thanks to the high-performance laser scanning engine, you can read even a badly printed barcode. Durable rubber housing makes everyday use reliable even in the toughest conditions.

MobiScan QS-03s is equipped with a Li-Ion battery with sufficient capacity 2000mAh, which allows the scanner to work about 10h in scan mode (continuously working).

[go top . . .](#)

The present device has a built-2D barcode reader that connecting via Bluetooth with your device. It provides information such as the name of the product, the type, approximate value, availability, and also allows for quick and convenient automatic grouping of data.

Designed to be tailored to different applications, wireless (Bluetooth) barcode scanner can be compatible with Android, iOS, Windows XP, Windows 7, Windows 8, Windows 10. Users can send data directly to a PC or in real time to mobile devices.

Portable (radio and bluetooth-ard) barcode readers using laser technology are comfortable and easy to use, with wide possibilities to set parameters. Enable automatic operation and manual. Read codes with different contrasts with a distance of several centimeters. The use of wireless communication (Bluetooth or radio) offer a range of up to 10m from the computer.

The device uses the HID interface

To scanner devices need to use the right software to a Bluetooth port collect data and display them in window of the user. The scanner is connected to the USB port and working in the so-called POS mode needs further appropriate driver, which once installed in the system creates a virtual port number specified - the so-called virtual COM port driver.

Most of the users is a (mistaken) belief that each scanner connected to a computer will send data, which can be further processed such as Notepad or MS Word. That's not true. To do so, use the scanner with the so-called keyboard emulation - connected to a computer via USB, but the scanner must be working in a standard USB HID (**Human Interface Device**) otherwise known as Low Speed USB also. In this way the data is sent to the computer in exactly the same way as does a USB keyboard. Hence the term emulation keyboard.

If we have the right scanner (USB HID) - when barcode in fact our introduce to Word or Notepad in the form of digits or in any place where we can place the cursor or wpisać text data. Scanners USB HID usually do not require additional drivers, as the drivers for HID devices are standard in Windows.

Compliance standards and tests performed

Work	0° do 50°C
Humidity	5% do 90% (No condensation)
Dust	IP6x (dust)
Water	IPx7
Drop	Multiple Drop 3m

Resistance IP67

Degrees of IP is a classification of different degrees of protection of electrical equipment that are provided by enclosures of these devices according to PN-92/E-08106. A number after the "IP" is really two digits. The first is protection of human and animal access to hazardous parts and protection against contamination, such as dust. It's mainly about access foreign objects to enter the unit. The second digit is a degree of protection against water.

The first digit [x] Protection against solid objects	Protection Level	The second digits [y] Protection against liquids
No special protection	0  0	No special protection
Protection from solid objects greater than 50mm in diameter	1  1	Protection from dripping water
Protection from object not greater than 12mm in diameter	2  2	Protection from vertically dripping water (tilted up to 15°)
Protection from object not greater than 2,5mm in diameter	3  3	Protection from sprayed water (tilted up to 60°)
Protection from object not greater than 1mm in diameter	4  4	Protection from splashed water
Complete protection against contact, Protection against dust deposit	5  5	Protection from water projected from a nozzle

The first digit [x] Protection against solid objects	Protection Level	The second digits [y] Protection against liquids
Complete protectionm against contact, Protection from infiltration of dust	 6	Protection against heavy seas, or powerful jets of water
	 7	Protection against immersion
	 8	Protection against complete, continuous submersion in water

MobiPad QS-03S - barcode scanner 2D - Ring - Bluetooth which the manufacturer recommends widely used in situations where it is necessary to rapidly identify the goods in commerce, logistics, transport, shipping, industrial, financial and public sectors.

Accessories

The MobiScan QS-03S comes standard with battery and Bluetooth 4.0
