

MoGO - Presenter Mouse PC

Category:	Accessories - mobile
Manufacturer:	MoGo

Product from the Archive - production finished

MoGo Presenter Mouse PC™ is a combined wireless presenter and mouse that stores and charges inside your laptop's PC/ PCMCIA card slot – a “must have” for every laptop. The sleek design and size make it ideal for business travelers. It includes the same functionality as conventional optical wireless mice – scroll, right click, left click – without the bulky, oversized design. With the push of a button, your MoGo Presenter Mouse PC™ turns into a wireless presenter – allowing you to control your PowerPoint presentations with 30 feet of freedom. It features a slide changer, start/escape and blank screen buttons.

Żywotność normalnej baterii to 8-10 h po ok. 30 minutowym ładowaniu.
