CD/DVD:	Yes
Audio:	2 Speakers stereo surround
Keyboard:	Yes
Additional Navigation Devices :	Touch-Pad
Color:	Silver
Swivel Hinge:	No
VGA out:	Yes
TV Out:	No
TV Tuner:	No
Security:	Fingerprint security, Kensington® Lock, TPM v1.2
Waterproof:	Waterproof keyboard
Sand and dust:	-----
Size:	317(W) x 229(D) x 35(H)mm / 2.0kg

Product from the Archive - production finished

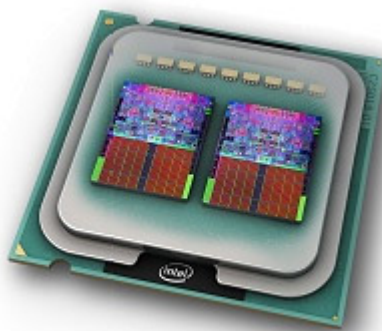

The business ruggedized laptop with stylish design with handle. Ultra low power system with 3.75G solution and GPS built-in. It is the most valuable laptop for your business on-the-go!

R130T semi rugged laptop from Clevo is a great reason to throw out your old desktop computer. Is known as the desktop replacement because it has everything your desktop PC has, plus more. With its gorgeous 13.3-inch TFT LCD screen display, you no longer have to squint to see things on the screen.

[go top...](#)

The industrial Clevo R130T just went through an upgrade and now comes standard with a faster Intel Celeron-M ULV 723 (1M Cache, 1.20 GHz, 800 MHz FSB), a 2,5" hard drive, and a DVD Multi Drive.

This semi-rugged laptop has a aluminium-magnesium top and bottom case 317 x 229 x 35mm that is 10 times stronger than plastic, offering higher survival rate after drops and bumps. The laptop's moisture-resistant design also protects the internal components from accidental splashes and spills.

Durable for business operation

- Magnesium alloy chassis
- 100kg/220lb pressure resistant
- 100c.c./3.38 oz water spill resistant keyboard
- 76cm / 2.5ft drop resistant
- Anti-shock design protecting LCD screen, HDD and ODD

Connectivity features of the R130T include 10/100/1000M Base-TX Ethernet LAN, Bluetooth V2.1 + EDR, WiFi 802.11b/g/n. Clevo also offers integrated options for the r130T rugged notebook, including GPS (without internal Antenna) and GPRS, UMTS/HSPA 3.75G.

When is rugged too rugged? Clevo realized that a majority of fully-rugged notebooks were rarely being taken out of vehicles—and customers were paying for protection they didn't need. That's why the company has a "vehicle-rugged notebook," the R130T. This notebook can withstand the rigors of being in a car, including vibration and the occasional coffee spill.

Operating temperature:
5°C~35°C

Operating relative humidity:
20%~80%

Optional accessories:

Bag

Antena GPS

Battery 4 Cells

Battery 8 Cells

DC Adapter

AC Adapter
