

Notebook - Style Note Clevo W251 ESQ v.2

Category:	CLEVO Powerful Notebooks
Manufacturer:	Clevo
WAN:	No - optional Yes- HSPA, UMTS
WLAN:	Yes - 802.11 b/g/n
Bluetooth:	Yes - 3.0
Processor:	Intel® Core™ i3-2310M Processor (3M Cache, 2.10 GHz)
Memory:	SO-DIM DDR3 4GB 1333MHz
Chipset:	Mobile Intel® HM76 Express Chipset
Display:	15.6
Graphics card:	nVidia® GeForce GT 630M (1 GB DDR3)
Touch screen:	No
Swivel Hinge:	No
Hard Drive:	500GB SATA 2.5
BIOS:	-----
VGA out:	Yes
LAN:	Yes - 10/100/1000Mb

Camera:	Yes - 1.3Mpx
Audio:	Yes - High Definition Audio
Seciurity:	Yes - Kensington® Lock
TV Out:	Yes - HDMI
In/Out:	2x USB 3.0, 1x USB 2.0, 1x eSATA, 1x VGA, 1x HDMI, 1x Headphone jack, 1x Microphone jack, 1x RJ-45 (LAN), 1x DC-in jack
Keyboard:	QWERTY
Additional Navigation Devices :	Yes - Touchpad
Battery:	Lithium-Ion, 48.84WH
Working time on battery:	up to 4h
Size:	374(W) x 250(D) x 14.3~37.2(H)mm, weight: 2,6kg
CD/DVD:	Yes - DVD Multicombo
Operating System:	No - optional Yes - Windows 7
Flash Card Reader:	Yes - MMC / RSMC / SD / Mini SD / SDHC / SDXC / MS / MS Pro / MS Duo
GPS:	No
TV Tuner:	No
Color:	Black
Other:	Warranty 2 years (6 months battery, 12 months display)

Product from the Archive - production finished

Founded in 1983, **CLEVO** has achieved a fine reputation as a developer and manufacturer of notebook computers. Due to our product positioning in the high-tech and niche market, we have won many honors in computer product evaluation conducted throughout the world.

A NEW LEVEL OF INTELLIGENT PERFORMANCE i5

With intelligent performance that accelerates in response to demanding tasks, such as playing games and editing photos, the Intel® Core™ i5 second generation processor moves faster when you do.

The Intel Core i5 processor automatically allocates processing power where it's needed most. Whether you're creating HD video, composing digital music, editing photos, or playing the coolest PC games—with the Intel Core i5 processor you can multitask with ease and be more productive than ever.

Semiconductor LED backlit display (LED, Light-Emitting Diodes) ensures an even and uniform light across the screen.

LED backlighting offers many advantages: low

operating voltage, therefore low energy consumption and prolongs battery life, precise control of light intensity, longer than traditional displays of component life, finally - not less important - protecting the environment.

Wide Screen display is a very important feature.

Wide Screen makes the display look bigger. The 16:9 aspect ratio is the most popular. Movie theaters and high end home televisions all display in 16:9 wide screen ratio just like these do.

This has a backlit display for extra brightness. The monitor will look good during day or night. You can adjust all the color and picture settings (color, contrast, brightness, etc).

ENHANCE PERFORMANCE WITH MEMORY DDR3

Your system's performance will never disappoint thanks to the latest DDR3 1066MHz/1333MHz/1600MHz system memory providing greater memory bandwidth for performance that will never lag behind.

NVIDIA GeForce GT & NVIDIA CUDA

Words cannot adequately describe the stunning visuals provided by the HM's immense graphics power. With two of the world's fastest notebook GPUs in a single system it delivers double the gaming horsepower with incredible scalability. The Style Note takes gaming performance to extreme levels and delivers breathtaking frame rates to create the ultimate visual experience. NVIDIA CUDA technology unlocks the power of the GPU's processor cores to accelerate the performance for even the most demanding system tasks such as video transcoding. The HM lets you play games the way they're meant to be played without having to worry if your video card is up to the task.

NVIDIA Optimus technology intelligently optimizes your notebook PC, providing the outstanding graphics performance you need, when you need it, all the while extending battery life for longer enjoyment.

The great expansion of WiFi technologies to wireless connect to the Internet both in professional and domestic settings through the public or private hot-spots, make your Clevo inseparable resource for your daily activities.

 **Bluetooth™** Thanks to the bluetooth technology that allows the exchange of information among different devices, you can easily use all the accessories of the Clevo line (and more) with an in-built special software.

Thanks to the in-built UMTS/HSPA module, you need only to insert a SIM card in the special slot, and you will immediately be able to easily connect to the Internet. The integrated software is able to automatically recognise and

customise all network providers worldwide. Besides, it allows you to reach the highest connection speeds even in poor network conditions.

Enter the world of online communication and take advantage of the built-in video camera to participate in a video conference, or simply chat with your friends face-to-face no matter how far apart you may be. Thanks to the 2.0 megapixel high-resolution camera, your video will have never looked so real.
