

## Notebook - Style Note Clevo X8100

<b>Category:</b>	CLEVO Powerful Notebooks
<b>Manufacturer:</b>	Clevo
<b>WAN:</b>	No
<b>WLAN:</b>	Yes - Intel® WiFi Link 5300 3x3 802.11 A/G/N
<b>Bluetooth:</b>	Yes - Bluetooth V2.1 + EDR
<b>Processor:</b>	Intel® Core™ i7 720QM Quad core processor (1.60GHz, 6MB L3 cache, 45nm, FSB1333)
<b>Memory:</b>	4 GB SO-DIMM DDR3 PC1333
<b>Chipset:</b>	Intel PM55
<b>Display:</b>	18.4" (46.74cm) Full HD (1920x1080) TFT LCD, 16:9 panel
<b>Graphics card:</b>	nVIDIA® GeForce GTX 285M - 1GB GDDR3
<b>Touch screen:</b>	No
<b>Swivel Hinge:</b>	No
<b>Hard Drive:</b>	500 GB SATA 7200 RPM / 16MB
<b>BIOS:</b>	----
<b>VGA out:</b>	Yes
<b>LAN:</b>	10/100/1000MB Base-TX Ethernet LAN
<b>Camera:</b>	Yes - 2.0 Mpx
<b>Audio:</b>	High Definition audio interface
<b>Security:</b>	Kensington® Lock, Fingerprint security

<b>TV Out:</b>	No - optional yes
<b>In/Out:</b>	4x USB 2.0 port, 2x USB 3.0 ports, 1x eSATA port, 1x IEEE 1394a port, 1x DVI-I output port (with CRT), 1x HDMI output (with HDCP), 1x headphone jack (external 5.1CH audio supported), 1x microphone jack (external 5.1CH audio supported), 1x S/P DIF output ja
<b>Keyboard:</b>	QWERTY - function keys
<b>Additional Navigation Devices :</b>	Built in Touch pad with scrolling function,
<b>Battery:</b>	Li-Polymer / 6 cell / 4650mAh
<b>Working time on battery:</b>	up to 1,5 h
<b>Size:</b>	439 x 299 x 44 mm / 5,6 kg
<b>CD/DVD:</b>	DVD SuperMulti Combo
<b>Operating System:</b>	Windows 7 Home Premium PL
<b>Flash Card Reader:</b>	Yes - 7 in 1
<b>GPS:</b>	No
<b>TV Tuner:</b>	No (optional yes)
<b>Color:</b>	Black
<b>Other:</b>	-----

## Product from the Archive - production finished

**CLEVO®**  
**X8100**

[www.mobilator.pl](http://www.mobilator.pl)

Everywhere you look, companies claim to have the Ultimate Gaming Machine, but only at Clevo will you find a system that makes good on that promise and delivers performance worthy of the title. The new Clevo Style Note X8100 gives you the ultimate gaming experience by taking speed to a whole new level. The state-of-the-art system utilizes SLI technology to take advantage of not one, but two of the fastest GPUs available from NVIDIA --the GeForce GTX 285M. With a gorgeous full HD widescreen display, the X8100 is the fastest 18.4 display notebook available today. Beside its powerful performance and cutting-edge components, the X8100 also features a futuristic design with a customizable luminous lighting array, buttonless luminescent touch sensor control panel, and eight unique programmable gaming keys that gives you total control with swift execution whether your passion is rooted in FPS, MMORPG, or RTS games.

Revolutionize the way you control your notebook experience. The X8100's Touch Sensor control panel is a state-of-the-art design featuring a buttonless luminous glassy panel with a touch sensor spread across the notebook. It provides control for the luminous appearance array, camera, Bluetooth, Wireless LAN, Application, Mute sound, and Volume with a single light touch. The customizable luminous lighting array lets you choose from 7 colors and transition effects across 3 distinct zones, including the Sager logo, front and rear vent panels.

## NVIDIA GeForce GTX & NVIDIA CUDA

Words cannot adequately describe the stunning visuals provided by the X8100's immense graphics power. With two of the world's fastest notebook GPUs in a single system it delivers double the gaming horsepower with incredible scalability. The Style Note takes gaming performance to extreme levels and delivers breathtaking frame rates to create the ultimate visual experience. NVIDIA SLI Technology not only boosts the X8100's graphics performance, it also enhances the physical gaming interaction for more dynamic and realistic experience with NVIDIA physX technology. And, NVIDIA CUDA technology unlocks the power of the GPU's processor cores to accelerate the performance for even the most demanding system tasks such as video transcoding. The X8100 lets you play games the way they're meant to be played without having to worry if your video card is up to the task.

## Intel Core™ i7

Revolutionary performance for users looking for the most intense, high performance gaming experience. The quad-core Intel Core 2 Extreme mobile processor provides exceptional performance for ultra realistic games and advanced multi-threaded digital media creation applications. This is the processor for users who want their hardware to take them to the top of their game.

The unit includes eight unique Gaming Buttons that are completely user-definable to allow ultimate control over your gaming experience. Whether your passion is rooted in FPS, MMORPG, or RTS games, the X8100 is built to dominate with swift execution.

# HDMI

Whether you're working on an important business document, watching a Blu-ray movie or playing a game, our 18.4-inch full HD widescreen display with a 1920x1080 pixel native resolution delivers enough screen real estate for all your needs. The widescreen display serves up vibrant colors and generous viewing angles, and provides brilliant clarity with theater-like viewing sensation for your favorite High-Definition content.

## Protection

Function Fingerprint security permit on protection of computer with imprint of our finger. This possible is thanks to use of small the skaneta of papillary lines. Solutions of this kind are very effective near protecting including devices important / secret data and permit also on easy and quick log in to system. The pamietania thanks to use this kind of protection does not one need set any Logs or Passwords of access.
