Your PC, simplified

You told us to make Windows simpler and easier to use. We listened. Windows 7 has better ways to find and manage files—like Jump Lists and improved taskbar previews—to help you speed through everyday tasks. It's designed for faster and more reliable performance, so your PC just works the way you want it to. With 64-bit support, you can take full advantage of the latest powerful PCs. And great features like HomeGroup, Windows Media Center and Windows Touch make new things possible.

Easiest Windows to use ever

- Simplify your PC with new navigation features like Aero Shake, Jump Lists, and Snap.
- Customize Windows to look and feel the way you like by changing themes and taskbar programs.
- Setting up a home network and connecting to printers and devices is easier than ever.
- Windows 7 Home Premium supports the latest hardware and software.

It's faster

- Designed to make your PC sleep and resume quicker.
- Takes full advantage of 64-bit PC hardware and memory.
- Connecting to wireless networks is fast and easy.

Best PC entertainment experience

- Watch, pause, rewind, and record TV with Windows Media Center.
- Blu-ray read/write support for data files.
- Includes integrated video and Dolby audio codecs.
- Offers large screen support.

Simple to use

Preview

Manage lots of open programs, documents, and browser windows easily with thumbnail and full-screen previews of open windows.

Jump Lists

Open files you use regularly in just two clicks with Jump Lists on the improved taskbar.

Easy to connect

Wireless setup

With Windows 7, setting up wireless connections is easier with consistent, one-click connections to available networks, whether those networks are based on Wi-Fi, mobile broadband, dial-up, or corporate VPN.

HomeGroup

Connect Windows 7 PCs on a home network in just four clicks and easily get to the photos, music, and files on each one--even share printers--with HomeGroup.

Easy to browse the web

Internet Explorer 8

Visual search helps you quickly find the information you want by adding visual cues and previews to search results from top search providers including Live Search, Wikipedia, Yahoo, Amazon, and others.

Internet Explorer 8

Use Web slices to conveniently keep up with changes on frequently updated websites, like eBay auctions or traffic sites, directly from the IE8 toolbar.

Easy to communicate and share

Windows Live Photo Gallery

Windows Live Photo Gallery makes share your photos to your favorite photo site easy.

Windows Live Mail

Windows Live Mail makes managing multiple email accounts easy.

Windows Live Family Safety

Keep your child safe by managing what sites they can visit and who they can send/receive emails and im communications from.

System Requirements:

- 1 gigahertz (GHz) or faster 32-bit (x86) or 64-bit (x64) processor
- 1 gigabyte (GB) RAM (32-bit) or 2 GB RAM (64-bit)
- 16 GB available hard disk space (32-bit) or 20 GB (64-bit)
- DirectX 9 graphics device with WDDM

Product Description

Windows 7 Home Premium Upgrade was designed to be more reliable, more responsive, and to make the things you do every day easier. Simplify everyday tasks: find something instantly, compare documents side-by-side, or open your favorite file in just two clicks. Enjoy a PC that works the way you want it to with better support for today's technologies, like 64-bit PC hardware and memory. Make new things possible: watch Internet TV, pause, rewind, and record TV or use Touch to interact with your PC in new ways.
