MIL-STD 810G

Durability is one of the most important factors to consider when choosing mobile solutions, which is why MobiPad ensures that its fully rugged units operate even when dropped onto concrete, or used in harsh environmental conditions such as heat and cold, dust and rain. Rigorous tests that pass MobiPad products ensures that our customers receive products that meet the highest standards of durability and reliability. MobiPad ensures compliance with the most rigorous standards in this area - **MIL-STD 810G** according to test its products. This standard, set by the US military, is the most widely used international standard.
