

Strengthened Mini Industrial Computer Fanless MiniPC IBOX-6002 WiFi v.1

Category:	MiniPC Industry
Manufacturer:	Mobikator
Supported OS:	Microsoft Windows: 7/8/8.1/10, Linux
Installed OS:	-----
Chipset:	Intel express chipset
CPU Support:	-----
Installed CPU:	Intel Celeron J1900 Quad Core (4x2.0GHZ)
Graphic Card:	Intel HD Graphics
Memory Support:	DDR3L (max. 8GB)
Installed Memory:	4GB DDR3L
Storage (HDD) Support:	SSD/HDD
Installed Storage (HDD):	128GB SSD
IP Norm:	-----
Temp:	-10 60
Storage temperature:	-20 ~ 70

Humidity:	0 ~ 95%
Others:	Color Black
LAN:	Intel RTL8111E 1000M Lan
Wireless LAN card:	Yes - 802.11 b/g/n
3G:	-----
Bluetooth:	-----
Rear Panel (ports):	4x USB2.0 1x HDMI 5x COM(RS232) 2x LAN 2x PS/2 DC-IN 121x LPT 1x VGA 1x Audio 1x Mic
Front Panel (ports):	4x USB2.0, 1x COM(RS232), Power ON/OFF
Expansion:	-----
Power:	12V
Watch Dog Timer:	0 ~ 255 sec
CD/DVD Drive:	-----
TV Tuner:	-----
Dimensions:	234 x 200 x 64.5 mm
Fanless:	Yes
Weight:	2000g

462,36 €

net price: 375,90 €

IBOX 6002

Industrial Fanless

Fanless industrial PCs are excellent in environments dominated by dust, dirt and moisture. They are ideal for applications that require quiet operation. Small and reliable MiniPC use of heat-pipe technology and aluminum fans for passive cooling.

MiniPC IBOX-6002 is a series of devices for industrial applications requiring continuous operation - 24 hours, 7 days a week.

[go top . . .](#)

Housing dimensions are **200 (W) x 234 (L) x 64.5 (H) mm**. Housing is made of high quality aluminum what ensures a very high resistance to mechanical damages. This model is ready at any time for operation even in extreme conditions such as heat, cold, vibration.

Using the latest technology Digital Engine (industrial fanless MiniPC) is designed for continuous multitasking operating with low power consumption. An important advantage is the effective combination of small size with considerable opportunities through the use of Intel's processor family, Intel chipset and **4GB DDR3L** memory. Integrated **Intel HD Graphics** video and audio **Realtek ALC662** allow you to play a wide range of applications and media files (video, audio) - in Full HD quality. Disks offer free space **128GB SSD** .

Integrated cards - **Intel RTL8111E 1000M Lan** and **WiFi** module allows connection to the network. The computer is equipped with: two **LAN** port, one **VGA** port, one **HDMI** port, six **COM** ports, one **LPT** port, two **PS/2** ports, eight **USB 2.0** ports, and a built-in connector on the motherboard: one **SATA** port, one **Mini-PCIE** connector, one **GPIO** connector, one **SIM Card** slot and one **LVDS** connector.

Cooling

The Strengthened Mini Industrial Computer Fanless MiniPC IBOX-6002 uses a special method of cooling. This cooling takes place mainly by means of housing having a very large surface (longitudinal lamells, ribs) - for heat dissipation. Fan used inside the computer is designed to rapidly drain hot air from the CPU, allowing MiniPC to reach more efficiently and faster cooling.

Strengthened Mini Industrial Computer Fanless MiniPC IBOX-6002 are based on high-performance four-core processors and high-quality components. Mini computers are locked in small industrial housing which perfectly discharge heat from the device interior. Wide choice of IBOX models can give possibility to configure, enabling optimal selection of mini computer to multimedia applications and industrial applications. The biggest advantages of these devices are: small size, performance and energy efficiency. An extra pair of brackets or the use of a VESA holder increases the possibility of installation in all kinds of places and positions. Offered model mini PC has been selectively chosen and configured specifically to the requirements of Digital Signage systems, gaming machines, amusement machines, information kiosks and industrial automation systems.

Areas of use of industrial MiniPC

Digital Engine

Trade

Small, fanless computer can find various of commercial applications such as computer system for sale, for display informations about the products on monitors or ads on the big screens. With the help of handles combined with the housing there are many mounting possibilities - such as: in shops (at the cash register, at the back of monitors for LCD / LED), in factories halls, in the cars which are used for distribute different kind of products, etc., will certainly find application in all kinds of networks trade.

Magazine

Strengthened Mini Industrial Computer Fanless MiniPC IBOX-6002 by USB ports can be used to connect multiple devices in the store or warehouse and make them easier to control. Its durable housing is perfectly designed for the harsh conditions prevailing in these areas. Any dust or dirt does not impede him in his work, will work without any problems even in high concentrations of dust and in polluted environments.

Transport and cars

MiniPC IBOX-6002 can be used on transport, in cars, through adapting him to operate with a 12V supply. Mini computer can be used in cars, buses, trams, taxis, trains, and even airplanes. It is a small space to mount additional additional hardware.
