Stylus to i-Mobile

Category: Styluses

Product from the Archive - production finished

Stylus(option)

Stylus made with very hard plastic, handy a comfortable in use. The stylus pen can be used to easily and quickly access all the iMobile's functions or to add notes to your documents. Thanks to the Microsoft Windows 10 operative system, it's easier to manage all the info written on the screen: use the tools given by the O.S. and see how they perfectly integrate with iMobile's technology.
