Discover New Perspectives with New 8.9 Inch Eee PC 900

: 9kg!

The new Eee PC 900 offers you more options for your mobile computing needs. Incorporating a shockproof design and weighing less than 1kg, you will find it "Easy to learn, work and play" – making it your best outdoor companion anywhere, anytime. What´s more, it features a 8.9 inch widescreen, a 1.3M pixels webcam, and 12GB and 20GB storage capacities for Windows® and GNU Linux operating systems.

■ Shock Proof Mobility

- Built-in Solid State Disk (SSD) technology for quiet, energy saving and shock proof design.

- Guards against data loss or shock-related damage – making it the perfect tool for reliable outdoor computing.

- Ideal companion for reporters, wildlife photographers and other like-minded outdoor enthusiasts.
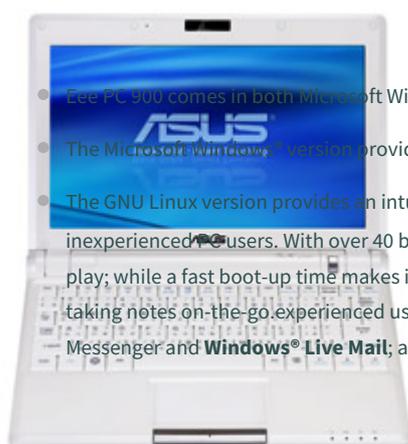

■ Bigger Storage Capacity and Other User-Friendly Features

- Up to 20GB of storage allows you to easily store photos, music and data files more efficiently.

- A 1.3M Pixel webcam works synchronously with built-in wireless Internet options to provide web conferences anywhere, anytime for easier web communications and increased work efficiency.

■ New Perspectives with 8.9 inch Display

go top…

- Large 8.9" screen size for more screenspace – making it more comfortable on eyes when in use.

- 1024 x 600 resolution allows you to view a single A4 page without the need to scroll left or right for easier reading and editing of documents.

- 8.9" screen does not affect the overall weight of the Eee PC 900, which remains below 1kg, making it your ideal mobile Internet device!

- Eee PC 900 comes in both Microsoft Windows® and GNU Linux versions.

- The Microsoft Windows® version provides a familiar Windows® interface for applications.

- The GNU Linux version provides an intuitive user interface to accommodate both experienced and inexperienced PC users. With over 40 built-in applications, it offers dynamic computing to learn, work and play; while a fast boot-up time makes it ideal for quick Internet access while waiting for public transport or taking notes on-the-go.experienced users – incorporating Windows® Live features like Windows® Live Messenger and **Windows® Live Mail**; and Microsoft Works for numerous office
