Product from the Archive - production finished

Experience a new era in mobile computing with the HTC Shift. Powerful enough to run Windows Vista® Business, the HTC Shift has the optimal blend of portability and functionality, giving you uncompromised performance while on the move.

HTC Shift features SnapVUE™, an always-on mode that provides you instant access to critical information -- including e-mail previews, local weather, calendar, and SMS -- even if the device is not switched on. Push e-mail gives you instant alerts whenever you have new Outlook® e-mails. Through Wi-Fi or 3.5G high-speed connectivity, you enjoy the ultimate productivity and highest fidelity Internet experience around.

HTC Shift also features a 7-inch touch sensitive screen that slides out and tilts to a comfortable angle. It has a full QWERTY keyboard for convenient messaging and text input. A built-in fingerprint sensor is provided for increased security.

Highlights

- Always-on access to critical information with HTC SnapVUE™
- Receive instant e-mails with Microsoft® Direct Push technology up to 2 days on battery standby
- Powerful enough to give you the full Windows Vista® experience
- Revolutionary small form factor gives you portability without compromising mobility
- Adjustable 7-inch touch screen
- Mouse buttons and microPad
