Product from the Archive - production finished

KOHJINSHA

The world"s first real mini-notebook Weighing 882g and small enough to fit in a school bag, handbag or briefcase, the Kohjinsha SC is the world"s most practical Netbook computer designed to offer everything that a notebook can.

The SC has the benefit of having an easy to use Qwerty keyboard, with real keys and full notebook functionality. The mini-v combines your conventional notebook, desktop, PDA, MP3 and MP4 Player, whilst being not much bigger than a paperback book.

The Kohjinsha SC Netbook from Kohjinsha Computers offers great performance in a stylish all gloss black lightweight design. With its stunning 7-inch touch screen display, this mini-notebook offers you the best on-screen performance, enabling you to operate full Microsoft Office applications, watch films or view pictures of your last holiday. All this with the freedom to choose from keyboard, mouse, touch pad, joystick, touch screen and stylus.

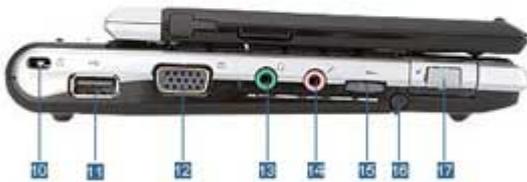

The Kohjinsha SC comes pre-loaded with Microsoft Vista and can act as a Phone, Notebook, MP3 Player and PMP (Portable Movie Player) switch when fully tested with iTunes, DivX, Sky and comes with CF (Compact Flash) compatibility to support a 3G data/voice card (where country providers supported).

Using Intel technology and configurations that will include Intel Atom processors, the Kohjinsha SC is a compact Netbook computer thats capable of acting as your office P

With an integrated VGA port, 10/100 LAN and USB 2.0 interfaces, you can connect all your desktop peripherals and multimedia devices to the mini-v. With integrated Wireless LAN and built-in Bluetooth you can also take advantage of wireless networks and hot spots whilst out and about.

The SC is a stylish and elegant ultra-portable notebook that can handle all your work and entertainment needs.
