VYE S41 - mini laptop with DVD SuperMultiCombo

MOBILITY WITH NO COMPROMISE

Weight only slightly over 1000 grams, and compatibility with most operating systems allows you to take a mini-S41 v every trip and the use of almost every available now on the software market. Working with popular Microsoft Office will be simpler and more pleasant through the use of a wide range of controls and pointing.

VYE S41 offers more than just mobility - a laptop that combines the functionality of the Smart Phone"a, PDAs, Movie Player and MP3 player - with a modern designer, creating an amazing product.

The mini-v has the benefit of having an easy to use Qwerty keyboard, with real keys and full notebook functionality. The mini-v combines your conventional notebook, desktop, PDA, MP3 and MP4 Player, whilst being not much bigger than a paperback book.

The thorough study of all the ergonomic aspects, the keyboard dimensions and the position of the main control keys allow a very simple usage – even standing.

ONLY S41 WITH DVD SuperMultiCombo

The model mini-S41 in its form is based on successful previous model, but the spirit of engineers was to create something innovative, something which does not offer on the original notebook. The one is the world"s first mini-laptop with built-in optical drive installed SuperMultiCombo DVD. You VYE S41 does not have to worry about the lack of additional USB port attached to the optical drive. Built-in Super Multi DVD Combo allows record and play all kinds of data, video, photos and music.

go top…

MOBILITY WITH NO COMPROMISE

VYE S41 integrates communication technologies, wired and wireless.

Using Intel ® S41 as a mini-v-compact notebook computer will be an excellent office. Given the built-in VGA port, LAN 10/100 external graphics and USB 2.0 you can connect to a wide range of multimedia and office equipment (printer, mouse, keyboard, scanner, a set of external speaker, headphones, pen driver, etc.). Integrated card Wireless LAN (WiFi) and a built-in Bluetooth module ® allows you to connect with the Internet through your wireless network or hot spot - anywhere in the world.

WEBCAM

Whatever the connection used, your 1.3Mpixel webcam will allow you to be seen while videoconferencing, thus reducing distances.

TOUCH SCREEN

Use your UMPC VYE S41 like a real block notes: thanks to its touch-panel, it allows you to write your notes on the screen as you would do with a normal paper sheet. The stylus pen can be used to easily and quickly access all the Vye"s functions or to add notes to your documents. Thanks to the Microsoft Windows Vista operative system, it's easier to manage all the info written on the screen: use the tools given by the O.S. and see how they perfectly integrate with Vye"s technology.
